PROFESSIONAL SUMMARY

Web Developer with hands-on experience building high-performance, interactive applications using modern JavaScript frameworks. Skilled in creating immersive 3D interfaces and fluid animations, with a growing focus on integrating AI into practical web products. Currently pursuing B.Tech in Electrical Engineering while independently developing SaaS and B2B prototypes. Comfortable working across the full frontend stack and deploying production-ready applications.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Animation & 3D: Three.js, GSAP (GreenSock Animation Platform)

Backend & Emerging Tech: REST API Integration, LLM Integration, Computer Vision / Gesture Tracking (R&D)

Tools & Deployment: Git, GitHub, Netlify, VS Code

PROJECT EXPERIENCE

Interactive 3D Developer Portfolio

React • Three.js • GSAP • Tailwind CSS

- Architected a personal portfolio site with immersive 3D scrolling effects and high-performance WebGL animations.
- Optimized rendering pipeline to maintain smooth frame rates across desktop and mobile environments.
- Deployed and maintained the live application on Netlify with zero downtime.

Thunder Cafe Web Application

React • Tailwind CSS

- Built a modern, responsive landing page for a restaurant business to strengthen its digital presence.
- Delivered a clean visual aesthetic with intuitive navigation and optimized page load performance.
- Resolved complex component state issues to ensure seamless, reliable user interactions.

Cleaning Service Platform Interface

React • CSS

- Developed the complete frontend architecture for a local service-based business booking platform.
- Designed a conversion-focused booking interface prioritizing ease of use and minimal friction.

AI-Driven SaaS Prototyping (Independent R&D)

LLMs • Computer Vision

- Experimenting with integrating large language models and computer vision tools into scalable web environments.
- Researching gesture-tracking and automation workflows for future B2B product applications.

EDUCATION

Samrat Ashok Technological Institute (S.A.T.I.), Vidisha, MP

2022 – Present

Bachelor of Technology – Electrical Engineering | Currently in 6th Semester

- Relevant Coursework: Control Systems, Microprocessors, Logical Problem Solving

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Generative AI Mastermind – Advanced two-day technical workshop (March 2026)
- Professional Certification in AI & Data Science – IIT Indore (October 2025)
- Product Management and Applied AI (Qualifier) – IIT Roorkee & Masai School
